

Seven Steps to Your College Loan Plan

Step 1

Annual College Costs

Step 2

Source of Money
Other Than
Loans
Every Year

Step 3

Annual Loans
Needed

Step 4

Total Loans
Needed to
Graduate

\$

MINUS

\$

=

\$

x4

=

\$

Step 5

Compare to projected 1st
year salary, which is

\$

Step 6A

Is Projected 1st Year Salary < Total Loans
Needed?

Step 6B

Is Projected 1st Year Salary \geq Total Loans
Needed?

[Consider
getting more \$
from Step 2]

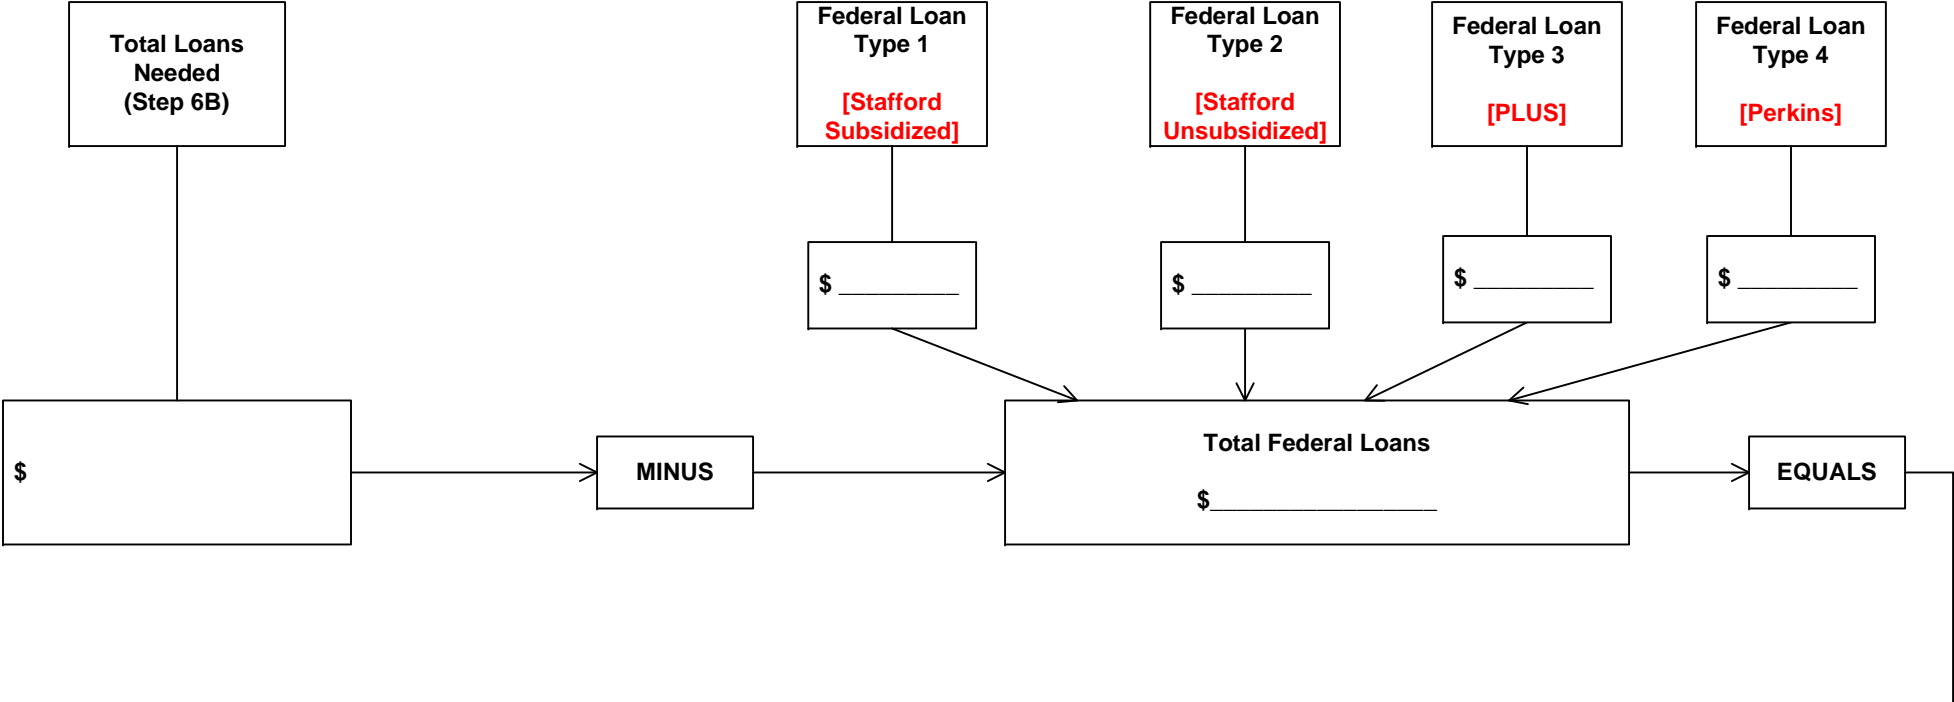

or

[Consider
Choosing a
cheaper School]

Go to Step 7

Keep going back
to step 2 for
more \$!

Step 7

Private Loans (Last Resort)
