or scan the QR code below for complete
scholarship rules and for more
information on how to apply

To Be Eligible

Any high school junior or senior that attends a CARE Chicago presentation in the 2024/25 school year is eligible to apply.

To Apply

A student must submit a brief written description of what they learned or found motivating in the CARE classroom to help them make better financial decisions.

To Win

Five applicants will be chosen at random to receive a \$1,000 scholarship to be used towards continuing education. Winners will be announced in June 2025.

The CARE Chicago scholarship was established to promote strong personal finance habits early in adulthood and to support the pursuit of continual learning.
